Sergeant of House Received Orders that Press was not to see Them

## DOCUMENTS ARE IMPORTANT

Contain Letter Which Registers Hon. Mr. Cushing's Objection to the Contract with Great Waterways Railway

The members of the legislature crowded around the table of the House after adjournment today to examine additional papers brought down by Premier Rutherford subsequent to the insistent inquiries made by Mr. Boyle. The press made strenuous efforts to get access to the papers but were intercepted by the sergeant of the House on the authority, it is said, of the Premier. The papers are said to contain the files of the clerk of the executive council and the deputy provincial treasurer. Among them is a letter written by Hon. Mr. Cushing to Premier Rutherford. By this letter Mr. Cushing expresses to establish his claim that the agreement between the government and the Alberta and Great Waterways Railway was made without his knowledge. It was written on October 7, 1909, protesting against the specifications now in force and setting forth what should be the specifications of the road. The chief point in the letter is that it was written three days before the agreement was purported to be signed. Mr. Cushing refused to give a copy of the letter to the press, saying that the contents of it would come out in the explanation which he was to make to the House.

The placing of the papers on the table by the Premier was the first proceeding of the day. Mr. Bennett rose directly after. He said he had not been present on the previous day when the Deputy Attorney-General

## MANY KILLED AND WOUNDED

In a Battle in Nicaragua in Which the Insurgents were Badly Defeated

Managua, Nicaragua, Feb. 24.—The government's victory in Tuesday's battle near Tipitapa appears to have been complete. The insurgents were charged at the bridge over Tipitapa, hurling their infantry against General Aguilar's battery of three Maxim guns with the fury of despair, abandoning six hundred rifles, 15,000 cartridges and their baggage, and leaving their wounded upon the field. The whereabouts of General Chamorro, leader of the insurgents in the recent battle, are not known here. There were 400 killed or wounded.

## GRATITUDE WAS EXPRESSED

Students at University Extension Lectures Mark the End of the Course in Befitting Manner

At the last lecture of the series of University Extension Lectures given in McKay avenue school on Tuesday evening the following resolution was moved by Dr. Wells and Mr. Slocock and unanimously passed:

"We who have had the privilege of listening to the lectures delivered by Dr. Broadus and Professor Alexander during the session of 1909-10 desire to place on record our appreciation of the excellence of this course and to express to them the personal gratitude which we owe to them for the pleasure and profit which we have ourselves received, and for the great service they have rendered to the community and to the cause of intellectual progress."

It is a matter for congratulation that the newly established university of this young province has from the first recognized and seized upon the opportunity to extend its influence throughout the province and that it has upon its staff men so highly qualified to direct and stimulate the intellectual life of the people as a whole, as well as to train the students who are more directly committed to their charge.

### Tenement House Fire in New York.

New York, Feb. 24.—In a fire of incendiary origin in a Garriek street tenement today, fifteen persons were burned or injured, two so seriously that they will probably die. The tenement (tenants made a rush for the fire escapes and scores were only deterred from jumping by the prompt arrival of firemen who shouted warnings, cleared the exit and carried down on ladders those cut off from escape by other means.

### French Senators Fight Duel.

Paris, Feb. 24.—Senators Mills-Lacroix and Lintipac fought a duel with swords in Park De Princes this morning. ## VOTE TODAY ON TARIFF REFORM

Austin Chamberlain Moves Amendment to the Address in Reply to the Speech

IRISH ABSENT THEMSELVES  
So that Government's Majority is Bound to be Small—Many References to Canada and Germany

London, Feb. 24.—In moving his tariff reform amendment to the address in reply to the speech from the throne in the Commons yesterday, Mr. Austin Chamberlain in his peroration dealt with the preference. He urged the danger of the overseas dominions contracting commercial treaties with foreign countries. Britain was thus losing markets which have the largest power of expansion and in which already her best customers per head were to be found. Mr. Steel-Maitland, Unionist, regretted that there had been no mention made in the King's speech of the extraordinarily important announcement respecting Canada and Germany. There could be no denial of the benefits of the preference being impaired by the reciprocity treaties Canada was making.

Ramsey MacDonald, Labor M.P., denied that the colonial preference policy as stated here was accepted by any substantial body of public opinion in the colonies. The colonies made it perfectly clear that they did not want to force British hands, he declared. They were not prepared to hamper and stunt themselves to the extent of a brass farthing in order to give British special preference and they were perfectly right. In the course of the fiscal debate H. J. McKinder, urged the fact that "Little Canada" had brought Germany to her knees as a proof of the efficiency of retaliation.

The speech on Mr. Chamberlain's amendment will be taken today. The Irish will not vote and as five Liberal seats are vacant owing to ministerial appointments, the Laborites will be masters of the situation.

### Cushing Property Sold.

Calgary, Feb. 24.—A real estate deal of large proportions was put through yesterday on First street west.

The property involved is situated on the corner of First and Twelfth avenue on the southeast corner, known as the old Cushing factory. The site sold includes a street frontage of 140 feet by 200 feet on Twelfth avenue. The purchasers and the price this valuable property fetched is withheld for the present, but it is understood that the buyers will in the near future erect a handsome business block on the property.

### Another Chance for Nelson.

San Francisco, Feb. 24.—Now that the smoke of the Nelson-Wolgate fight has cleared away, the sporting world is devoting its attention to the possibility of a second meeting between the two men. Nelson demands another chance and he insists he will not in form. He says he still had a chance when Referee Smith stopped the fighting. Wolgate says Nelson will have to wait. He purposes to exercise the privilege of championship now that he has won the title. He agrees, however, that Nelson is entitled to another fight.

## MR. CUSHING IS NOT SATISFIED

Says that he Does not Think all the Papers have been Brought Down

The members of the legislature spent considerable time this morning in examining the papers laid on the table of the House yesterday and in discussing the same in the hotel corridors. "I have been looking over the papers this morning," said Hon. W. H. Cushing to The Capital at the noon hour this morning.

"Are you satisfied with what has been brought down?" he was asked. "No, I do not think they are all there." "Why not?" "Because I think some of them have been destroyed."

Mr. Cushing was asked for his opinion of the order which was given to the sergeant to withhold the papers from the press.

"I do not care to say what I think about it," he replied. Asked if he would state the cause of his resignation to the House this afternoon, Mr. Cushing replied that he would not say anything until Friday.

R. B. Bennett, K.C., junior member for Calgary, interviewed by The Capital said that he did not think all the papers were brought down. As for the press being denied access to the papers on the table, Mr. Bennett said that if this were the Dominion House of Commons all papers placed on the table of the House would be printed for the convenience of the members and for the use of the press. He did not see that the papers would be considered private if being placed on the table of the House.

## VILLIERS COMING

### Milk Trust Indicted.

New York, Feb. 24.—The milk trust, so called, was indicted in New York yesterday after a grand jury sitting at Morristown, N.J., on Tuesday last, in which it is reported as having said that war between the United States and Japan was inevitable. The speech has caused a gloomy impression among Japanese and foreigners alike.

## THE COURT ROOM JAMMED

During the Cross-Examination of Mr. Foster by E. F. B. Johnston in Libel Suit

Toronto, Feb. 24.—The cross-examination of Hon. Mr. Foster in the libel suit instituted by him against Editor Macdonald of the Toronto Globe was continued this morning by E. F. B. Johnston. The court room was jammed and even standing room was at a premium. In answer to Mr. Johnston's questions, Mr. Foster said that for the last five or six months of his connection with the Union Trust Co. he had been most of the time at Ottawa, and his duties as manager consequently had been carried out in a perfunctory manner though he continued to draw his salary.

## A BANK LOOTED

The National City of Cambridge has Closed its Doors with Assets Missing

Boston, Feb. 24.—Following the discovery that the National City Bank of Cambridge had been looted of \$44,000, the doors of the institution were closed yesterday probably forever, by National Bank Examiner Ellis S. Pepper, acting on behalf of the controller of the currency.

Six hours after this action had been taken an embezzlement warrant was issued for the arrest of George W. Coleman, the young bookkeeper of the bank, who was last heard from in Kansas City a few days ago. The institution is insolvent, the capital stock of \$100,000 and the surplus having been wiped out by the defalcation.

Mr. Pepper said examination of the books showed that the bank was insolvent and that \$144,000 of its \$332,000 approved assets were missing.

The bank carried deposits of \$127,432, mostly the money of small tradesmen. It was organized in 1853. Among the stock holders is Charles W. Elliott, president of Harvard. Under the National banking laws, the stock holders are liable to assessment if the assets are not sufficient to pay the creditors in full. As Dr. Elliott holds ten of the 1,000 shares he is liable for a part of the defalcation.

### Japan Is Excited.

Tokio, Feb. 24.—A despatch to the newspapers from the United States reports the recurrence of the anti-Japanese movement at San Francisco. Today all local papers featured the speech of Leslie M. Shaw, former secretary of the U. S. treasury at Morristown, N.J., on Tuesday last, in which he is reported as having said that war between the United States and Japan was inevitable. The speech has caused a gloomy impression among Japanese and foreigners alike.

## STATE TROOPS ON THE SPOT

Three are Dead and Many Badly Injured as Result of the Riots

## SITUATION AT PHILADELPHIA

Several of the Offenders are Given Long Terms This is Expected to Have a Good Effect

Philadelphia, Feb. 24.—Well mounted and amply equipped for any kind of service, four companies of the Pennsylvania state police numbering 200 men arrived here today, ready to assist the local authorities in maintaining order, while the Philadelphia Rapid Transit Co. attempts to operate its cars. The casualties as a result of lawlessness stands at three dead, several persons in serious condition in hospitals, and more than a thousand suffering from lacerated wounds inflicted by bullets, police clubs and thrown missiles.

The heavy sentence inflicted upon some of the rioters in the courts yesterday are expected to have a good effect on the work of maintaining order. One man was sentenced to six years and a number of others were sentenced to terms of two years, and hundreds of the rioters have been placed under bail or sent to prison for a short term.

### A Picked Battle

Philadelphia, Feb. 24.—There was no peace today. There was one big pitched battle between the police, who fired more than 200 shots and the men of the Baldwin fraternal works, who hurled perhaps 2,000 heavy nuts and bolts from the windows and roofs of the plant.

This lasted for twenty minutes, and was the most thrilling skirmish of the strike riots. One workman was shot and a dozen bluecoats put out of action by the hand-to-hand missiles.

There were several minor disturbances in Kensington, where the greater trouble has been thus far, but the battle of Baldwin was the biggest thing of the day, and the increasing inability of the police to handle the situation caused Mayor Reubens and his public safety directors, to call upon the grey-clad constabulary boys. This action may bring about the much talked of general strike of all the labor unions of Philadelphia, which number 100,000 men and more than 100 industries.

The grievance committee of the Central Federation Union, hearing of the coming of the constabulary had a special meeting and told John T. Murphy, the head of the labor interests in the city, practically this:

"Unless those cavalry men show absolute neutrality, call every body out. Call them out anyhow, if you want to."

C. O. Pratt, the Napoleon of the car men, does not approve of the general strike yet, though he declares that the men are winning and the company cannot hold out much longer.

Five thousand school girls were given vacations until next Monday, because of the lack of transportation facilities and the street disturbances. The girls' high school and William Penn school closed their doors.

Gossip of  
the  
Summer  
GamesHOW DID HE  
GET THERE?The Whole Ottawa Executive Denied  
that Small Would Join their  
Team—Somebody Lied!

Ottawa Free Press: "I know nothing of the reported coming of Walter Small to Ottawa. We have no room for him on our team. I think Hamby Shore is the best cover-point in the game and under no circumstances will he be shifted to make room for anyone else. Mallen will play in Stuart's place against Wanderers tomorrow night, and that is the only change there will be on our team."—Llewellyn N. Bate, member of the Players' Committee, Ottawa Hockey Club.

"We have no place for Walter Small on our team, and as far as I know, the club has not entered into any negotiations with him. As a member of the Players' Committee, I would not give my consent to having Shore replaced by Small or any other player. Shore is the best cover-point in the National League and you will see him playing that position tomorrow night."—Charles A. Irving, member of the Players' Committee, Ottawa Hockey Club.

There is as much chance of Small joining the Ottawa team as the proverbial snowball retaining its existence in another place. Small might be released by Cobalt, and perhaps is coming back East, but he will not stop off in the Capital.

Mr. Bate is very much incensed over the romance. Hamby Shore when seen this morning stated that Ottawa wanted Small to replace him at cover that was their option, but under no condition would he play any other position on the team. No need to dilute further, Small is not coming to Ottawa.

## Tough Luck, Black.

Joseph B. Black, captain of the 1910 Missouri varsity eleven, has been handed the Joy Miller sign for conduct unbecoming a rowdy. Which reminds us:

OTTAWA WILL  
HAVE SURPLUSThe Only Team in the Big Hockey  
League that will have Balance  
at Season's End

Ottawa, Feb. 23.—The Ottawa hockey club will be about the only organization on the National League circuit that will emerge at the end of the season with anything approaching a surplus. It has been ascertained that the Shamrocks of Montreal are \$3,000 in the hole already after the game with Ottawa next Wednesday will release practically the whole team and finish out the season with amateurs or players from minor organizations who will turn out at modest salaries.

Canadians are reported to be even deeper in the mire, \$5,000 being the deficit they are said to be facing. M. J. O'Brien of Renfrew will presumably have to come across with this amount. Cobalt and Haliburton must be out of pocket. They are paying big money with little return in the shape of game receipts. Wanderers have a fighting chance of emerging ahead, their big gate with Ottawa helping considerably in that direction.

Ottawa, despite heavy expenses this season, should come out well in advance of expenditures. In fact, \$5,000 is fixed as a fair estimate of the surplus the club carrying the Stanley Cup will lay aside when the season closes.

A prominent member of the local club stated last night there would surely be a salary basis established next season, and that the stipend of the top notcher would take an unprecedented slump. The league cannot live without five or more clubs, and there are only two or three clubs that will be able to pay millionaire salaries. Therefore a uniformity in salaries will have to be arranged, else such clubs as Shamrocks, Canadians and perhaps the north country teams will have to drop out.

He was arrested at his home in Weymouth (also the birthplace of Samuel) given a hearing before Magistrate Grierson, sent up for trial, and brought to Digby. He may appear before Judge Felson this week under the Speedy Trials Act.

ALBERTA LUMBER  
CO. TROPHYSkip Scott, Granites, Won the Final  
Game from McGowan's Capital  
City Rink—Score was 15  
to 7

Ever since the first ice of the season the two local clubs, Granites and Capitals, have been looking forward to last evening.

The Alberta Lumber Co. donated a handsome trophy to be competed for by the two rinks. Both Capitals and Granites compiled Alberta Lumber Co. draws and the different rinks have been fighting for two months for the honor of representing their club in the final game. At the west end rink Skip McGowan won out after many a hard-fought game, and Skip Scott earned the right to represent the Granites.

The final game was played last evening at the Granite Rink, and about fifty curling enthusiasts turned out, in spite of the extreme cold, to witness the contest.

The rinks were: Capital City: Leask, Chawin, Buchanan, Griffiths, Hamilton, Mond, Scott, McGowan.

(skip) (skip)  
McGowan drew first blood but Scott evened up on the second end, only to see his opponent force ahead on the third. Score, 2 to 1. The fourth end was disastrous to the West Enders as Scott compiled four shots giving him a working lead. The Capitals replied with two in the fifth and Scott did likewise in the sixth. The next end McGowan counted two and the score was then 7 to 6 and anybody's game. The eighth end was when the Granite supporters began to allow a satisfied smile to steal over their faces. Scott was lying three and in attempting to guard these stones had the good fortune to get two more stones into the house. Mould sent his two stones clear through and Skip McGowan on his first shot managed to knock one of his opponent's stones out, but in doing so lifted the only rock he had in the house. Scott counted six on this end, which made the score as the one-sided proportions of 13 to 6. The next end McGowan had a lovely chance to stay in the running by scoring three, but missed an easy raise, and his opponent scored a single.

In the tenth Granites got another shot and the game was discontinued after the eleventh end, when McGowan got his last count. Final score 15 to 7.

The Alberta Lumber Trophy will be proudly pointed out to Granite Club visitors for the next year. The game itself was a mediocre exhibition as the Capitals were away off color. Time and again shots were missed and stones sent through holes that looked impossible to the onlookers. Without wishing to detract a mite from Skip Scott's victory we think the result should have been much closer.

BILLY NORTHEY  
WAS MISSINGBilly, who is Secretary of the Montreal  
Arena, took to the Wills of  
Westmont When Last Satur-  
day's Tickets were on Sale

Long before old Sol raised his head in the east last Friday there was a big crowd of seekers after tickets for the Ottawa-Wanderer game, assembled at the Arena. The sale of seats did not commence until 1,300, but 6,30 a.m. found a crowd of 3,000 waiting to buy the 1,000 seats on sale. The Herald said:

Mr. "Billy" Northey, the secretary of the Arena, is missing, and has been missing for two days. He'll be on deck tomorrow night at the Arena all right, all right; and in fact may be on hand this afternoon after the sale of the tickets for the Ottawa-Wanderer match. But ever since the agreement between Wanderers and the Jubilee Rink of the one part and the Arena on the other part was made, Mr. Northey very carefully and very discreetly went into obscurity and the most patient enquiry failed to reveal his whereabouts.

The reason, of course, is obvious. "Billy" has many friends, and friends are the worst possible thing to have about when you have the control of a thousand or so tickets for which three thousand people are clamoring. While he appears to have carefully avoided the offices of the Arena and the Montreal Hockey Club, at which he is both secretary, it is understood that he did not leave the city. He probably hid in the wilds of Westmont.

ALL-STARS  
vs. DEACONSTwo Crack Teams Play on Tuesday  
Night—Receipts will go to Fur-  
nish the Ball Club with  
New Uniforms

The game billed for next Tuesday night is already arousing a great deal of interest. The contesting teams will be the Deacons, champions of the City League, and the All-Stars, a picked team from the Queens Ave. Y.M.C.A. and J. H. Morris Co.

City League patrons will remember the close game between Y.M.C.A. and Deacons in which the result was doubtful until the call of time. Y.M.C.A. are well represented on the All-Star aggregation and it will be another case of Y.M.C.A. vs. Deacons, with the weak spots on the "Y" team strengthened by the best men on the other two teams.

The team which is being gathered together by Douglas O'Hara, secretary of the City League, will line up: Goal, Wright (Y.M.C.A.); point, Lines (Morris Co.); cover-point, Bishop (Y.M.C.A.); centre, Burns (Y.M.C.A.); rover, Douglas (Y.M.C.A.); right wing, Waugh (Morris Co.); left wing, Blaney (Queens).

Deacons will have the strongest team they can put on the ice and are confident of keeping their list of City League victories intact. Their lineup will be: Goal, May or Allin; point, Bill Barford; cover-point, H. Aldous; rover, McGannou; centre, Gaurvay; left, Dean; right, G. Barford.

The gate receipts are to be devoted to a worthy object, namely, the purchasing of new uniforms for the Edmonton Baseball Club. The team is sorely in need of new suits, and as the financial position of the club is not very strong after the disastrous season of 1909, it will reflect great credit on the fans if they turn out Tuesday evening in large numbers and give the club a boost. They may rest assured that the hockey game will be well worth the price of admission.

The officials will be appointed in good time and it is the object of the promoters to hang up a 1910 record by commencing on time.

KEN MALLEN  
vs. SMAILLWaterloo Drew a Good Player and a  
Victory, Ottawa Grabbed a Lime  
and a Bitter Defeat

The reason that Ken Mallen is now playing with the Waterloo, Ont., team is very apparent from recent Ottawa reports.

It seems there was friction among the regular Ottawa players and Mallen, which precluded the Morrisburg boy from taking part in the Wanderer game. Ken declared the other players would not work with him and consequently he had not been given a show this season. Therefore he demanded and received his release.

It was just hard luck that kept Mallen from being a regular. If he had not been called home to Morrisburg by his sister's death just on the eve of the Edmonton-Ottawa series, he would surely have taken Kerr's place, and Roberts would never have been heard of this year. But Roberts got the chance and made good in so unmistakable a manner that he is now a fixture.

On perusing the accounts of the Saturday games one finds these interesting extracts: "Walter Small was away below par and a weakness instead of a help to the Cup Holders," and then again: "Ken Mallen, the new Waterloo player, was the next man on the ice and scored two-thirds of the goals for his team." Poor old Ottawa.

and Demands a Handsome Sit-  
pend from Newark

The Newark News says: Newark fans will have to forego the pleasure of seeing Jake Gettman cavort about the middle garden at Wiedenmayer's Park this season if he sticks to his intention to stay in Nebraska. The chief Swatman of the Redskins, whose sensational slugging won many a game for the Braves last season and whose fielding pulled the club out of several tight holes, has declared that he will stay in Billy Bryant's state instead of coming east. Jake has spent the winter hunting and fishing in the mountains near his home in Hastings, Neb., and is feeling in excellent condition.

Gettman let out the information that he would probably remain in Nebraska in a communication to his friend, Bob Moesner of 800 Broad street, this city. The card reads: "Friend Hob—Going to have a state league here this summer so I think I'll stay at home and play—Jake." The Newark hitsmith makes no mention of salary and it is believed that it is because he would like to stay at home to play ball that he decided to remain in the west.

The crack centerfielder has almost a month to change his mind before training time and the fans earnestly hope that "Quick Jake" will be seen in his old spot in centerfield when the baseball season comes round.

George Page, Robert Westervelt, Wilson Matthews, R. J. Glenavyn, Garrett Bush and James D. Jeffries have been appointed umpires in the Texas league. The last-named gent should keep order in this league. He's name has a familiar sound. Probably a cousin.

LAST FOUR  
ROUNDS OF FIGHTDescribes in Detail how Wolgast  
Wore Nelson Down and Reere  
was Compelled to Stop Fight

Round 37.—Wolgast took no chances, apparently fearing that the champion was feigning weakness. Wolgast jarred Nelson with three right punches to the jaw and Nelson could hardly come back. They met in mid-ring with Nelson swinging like a babe and Wolgast landing with good clean punches. Nelson's ability to stem the tide was a wonderful exhibition. Wolgast almost sent the champion through the ropes with a right to the jaw. Nelson tottered about the ring helpless, and Wolgast sent in smash after smash, and the bell saved Nelson from a knockout.

Round 38.—Nelson was a pitiful sight as he staggered to the centre of the ring. Wolgast appeared to be in no hurry to complete his work. Robinson at this stage preferred to throw up the sponge, but the other Nelson supporters took the sponge from him and threw it in the bucket. Nelson to all intents and purposes was a beaten man, and it required all the efforts of his senses to stave off his inevitable defeat. Both men were covered from head to foot with the Dane's blood, and the Arena soon became a shambles. Wolgast peppered away at the disintegrating champion and the crowd yelled itself hoarse for the Milwaukeean to finish up his man and end the agony. Cries were mingled with expressions of pity for Nelson. Betting was 2 to 1 in favor of Wolgast.

Round 39.—Wolgast appeared loath to put in the finishing touches. He jabbed incessantly at the batter's anatomy and again the blood flowed in a stream. Nelson tried to make a last effort, but it was only a fleeting moment and he again quickly subsided and could scarcely hold his hands up. Wolgast almost sent Nelson to the floor, landing blow after blow on the defenceless champion's

TROTTING FUTUR-  
ITY IN 1912It is Rumored that the Edmonton Ex-  
hibition will Hold a Big Race in  
Connection with their Provincial  
Exposition

We understand that the Edmonton exhibition directors are considering the advisability of starting a Trotting Futurity which will be raced for at the great Provincial Exposition to be held here in 1912 to commemorate the completion of the new railways.

This Futurity will be divided into two divisions, trotters and pacers, and handsome purses will be offered for each division.

A futurity is one of the most interesting sporting events known. The entries are nominated as foals and the race may be three years off. The owner has all the pleasure of developing his young horse, and the added satisfaction of knowing that his speedy colt is eligible to compete in the big race. A man may nominate every colt of the required year he has, and as the time progresses can scratch them if they do not seem to be coming along well enough.

A stated sum is paid upon nomination, six months later, one year after that, and the final payment is made by all owners actually starting their horses. All entrance money received in excess of the purse guaranteed by the exhibition directors will be divided equally between the two divisions as added money.

We expect to publish the conditions of the Edmonton Futurity early next week.

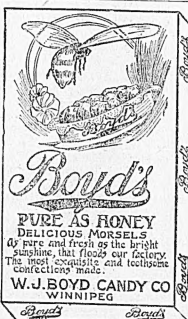

Tom Longboat and Jack Johnson would make a good team. Imagine the Indo-Africa chorus: "Good morning, judge."

A Brantford despatch says their near-hockey team was "chopped to pieces" in a recent encounter with Berlin. The Germans must have used broadswords instead of the orthodox hockey sticks.

Stanley Robinson says he has had quite enough of "Bugs" Raymond, and that he wouldn't take the erratic Arthur as a gift. It is rumored that McGraw tried to unload the human insect on Roger Bresnahan for a real player.

face. Ring followers said they never had seen such an exhibition of gameness as displayed by Nelson. Referee Smith said he would stop the fight in the next round if Nelson's seconds did not.

Round 40.—Wolgast backed away, looking for an opening for a final blow. He smashed the beaten champion on the jaw with a right, putting all his remaining strength in the blow. Nelson tottered and was on the point of collapse when Referee Eddie Smith stopped the fight and gave the fight to Wolgast. Nelson tried to shake the hand of his conqueror but was so weak that he was quickly dragged to his corner.

## Candidates Will Win Prizes in the Capital's Voting Contest

Many Have Their Eyes on the Pianos, Others Think the Diamond Rings About Right—The Scholarships Attract Quite a Number—  
Morris Chairs, Writing Desks and Watches  
Look Good to Many

Tomorrow the contest man will "spring" something that will bring joy to the hearts of all candidates who appreciate a good thing. It will prove a boon to all workers of those who are preparing to get busy. And to prospective candidates nothing better could be offered to get into the game. In this connection the contest editor is mystified, and the nature of the "good thing" which he intends to offer is treasured as a deep secret, and no hint of it will be divulged until the issue of the Capital tomorrow evening.

Today returns will decide the winner of the solid gold watch. This is a splendid prize but a mere taste of "nibble" of the good things to be awarded March 28.

### MORE "ACTIVES"

Every day shows additional to the active list and the candidates with 10,000 votes are increasing in number. Another new nomination yesterday, and many others have been inquiring and it is likely that the number of contestants will materially increase before the contest gets "going good." There are too many "stand stills" in this contest. Votes are easy to get, but they will not come in winning numbers unsought. Districts 3 and 4 are improving, and with good luck there will be enough active to take up the prize in a few days. If the candidates now nominated do not take advantage of the opportunity, some of the prospective candidates will see the chance and jump into the contest and have the head before you can say "Jack Robinson." Don't allow this. Get after the votes. During this "crisp weather"

is the best time to get a start.

### Fair Treatment

Don't think that any information will be given any one as to how many subscriptions you have turned in. Every contestant will be fairly treated in this respect, as in all others, and no favoritism will be shown anyone. The Capital is running this contest to make friends—not enemies.

### She Was Willing

"Oh, to be sure, I would like one of the prizes and be awfully glad," smiled a vivacious little lady yesterday to the contest man. "You may leave my name on the list, and if any of my friends care to vote for me, I will certainly be most happy; but, why, I simply couldn't ask anyone to support me."

Now, what do you think of that as a manifestation of the old adage of "the spirit is willing, but the flesh is weak"? Willing to make a magnificent prize, served up on a silver platter, and garnished with the watercolor of friendship, but unwilling or unable to turn a hand to further the cause which would bring honor and profit to her. Above all things, do not be a receptive candidate.

### CONTEST DEPARTMENT OPEN TO-NIGHT

The Contest Department will be open until ten o'clock tonight, for the accommodation of candidates who are making extra effort to win the special prize—the solid gold watch. As previously stated, candidates in the city will be given the opportunity to turn in subscriptions up to that hour. Friday morning will be too late to have subscriptions counted on the

special prize. Candidates in Districts 3 and 4 may mail subscriptions any time today, and the award will not be made until after all mails are in from towns where candidates reside.

The announcement of the winner of this prize will be made Saturday, and through the columns of the Capital only—not verbally from the Contest Department, so don't ask, please.

### STRATHCONA OFFICE

The Capital has established an office in Strathcona, the Strathcona Investment Company having charge of that branch. Phone No. 3017. Subscribers who do not get their paper regularly will confer a favor upon the Capital management by sending to this office. The edition will be sent to this branch, and the carrier boy will get his papers there.

## The Man From Brodney's

By GEORGE BARR M'UTCHEON

Copyright, 1908, by Dodd, Mead & Co.

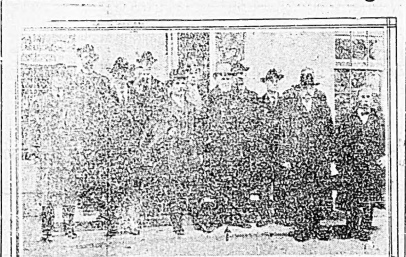

A handsome young soldier of fortune, a princess of enchanting beauty, two eccentric adventurers who leave with disposing of the island of Jopet and its ruby mines, two heirs who must marry within a year to inherit the property despite the fact that they are already married, a shrewd American lawyer, a scheming British solicitor, a pretty stenographer, a prince who is musical and profligate and a horde of fanatical Moslems who will inherit the riches of Jopet provided the heirs do not marry each other—these are the leading characters in a romance which for genuine novelty, thrilling and unusual situations, live American humor and the pathos of a great but apparently hopeless love has rarely been equaled and never surpassed.

The Publication of "The Man from Brodney's" will be commenced in the Daily Capital to-morrow. Read the first instalment and you will watch as eagerly for those which follow as if your own fortune and the fate of the country were involved.

# THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Band at the rink tonight.

The next meeting of the mock parliament promises to be a lively one and will probably be held next Wednesday.

The Literary Society of the S.C.I. met at 3.30 today in the assembly hall. A lengthy programme was given.

The Varsity Literary Society met last evening for the first meeting of the year. There was a short programme rendered, the numbers being: Piano solo, Miss Bertha Allen; solo, "Frier of Orders Grey," Mr. Waggett; violin solo, Miss Agnes Wilson.

The latter part of the programme took the form of a mock parliament. The election of the speaker resulted in the choice of A. E. Ouellet. Mr. Miesner read the speech from the throne. The policy of the government was fully outlined. Among the planks in the platform were bills: First, to introduce a proper initiation ceremony into the University; second, to amend the railway franchise to run cars from the high level bridge to the University; third, an act providing that gowns must be worn in all University classes.

The motion for the adoption of the speech was moved by Mr. Nolan of Calgary, seconded by Mr. Dobson of Athabasca Landing. For the opposition Messrs. Law of Ponoka, Mitchell of Sturgeon and Blackmore of Raymond spoke briefly.

Dr. W. H. Alexander will deliver the last Extension Lecture in the course tonight, the subject being "Marcus Aurelius, the Noblest Roman of Them All." These lectures have proved very instructive and have been much appreciated. It is much regretted that the course is completed with the lecture tonight.

At 7.30 on Sunday evening Bishop Pinkham of Calgary will conduct the service and administer the rite of confirmation in the Holy Trinity Church.

Curling results in Lord Strathcona Cup competition are as follows:

Supple 5; Davies 7.  
Miller 11; McMahon 7.  
J. C. Bowen 5; McElroy 13.

Today's games: Supple vs. Douglas. The finals in this series will probably be finished this week, as well as the finals for the Sandeman Cup, Duggan vs. Supple.

The club trophy competition commences next week.

The Strathcona Board of Trade is a most progressive body of men and believe in giving publicity to the city by means of advertising. The Board of Trade has received a large sum of money from the council, a portion of which will be spent in sending out folders with the location of the city distinctly marked and also showing the facilities it offers to prospective residents. A number of these will be sent to the States, where great interest was evinced in Alberta at the Chicago exhibition. A number will also be sent to Great Britain and Ireland from which places emigrants are arriving in great numbers.

## Gas Explosion on Crow's Nest.

Nelson, B.C., Feb. 22.—An explosion occurred last night in a building in the rear of the Kootenay Hotel at Moyie, which wrecked the rear of the hotel and badly damaged the adjoining buildings, every house in the town being shaken. Mrs. Parkhill, who resides in a cottage near the hotel, was badly cut, and the shock threw a waitress of the hotel into a fit. The explosion was probably due to over pressure in the carbide plant.

The residents of the east end do not intend to allow the question of an east end bridge to drop. E. H. Williams is working on the matter and expects to bring the matter before the city council in a short time.

## STATE TROOPS ON THE SPOT

(Continued from Page One)

### The Battle at Baldwin's.

The battle at Baldwin's was precipitated by the company declaring that it was going to keep its most important north and south line running on almost regular schedule, which it did not by any means. At 12.30, when the 10,000 workmen of the locomotive works were out on their lunch hour, about 500 of them marched down Spring Garden street to Thimble's street, about a block away, to see how things were going along. A car came along with a policeman on the front and rear platforms. The usual cry of "scale" was hurled at them.

Jeers assailed the policeman. They got mad and tried to arrest a man. His comrades rescued him and then fired a volley of bolts which they had ready in their pockets, through the windows and doors of the car. A squad of twenty policemen on their way to the city hall, responded to the whistles of the two beleaguered car guards. When they saw the size of the crowd they had to deal with they fired a few shots in the air.

### Pelted Officers With Bolts

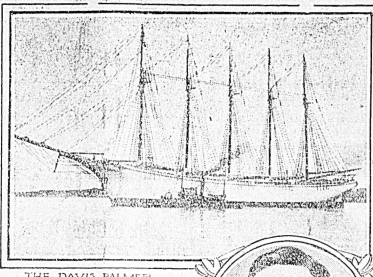

The Baldwin men retreating gave the squad a volley of bolts, and mits and hats exhausted all their ammunition and then they ran for shelter to the shops.

The sergeant in command telephoned for reinforcements and a small regiment of policemen were soon lined up in the middle of the street in front of the Baldwin Works.

Scarcely were they strung out when a shower of missiles came from the windows and the roof. Lots of them hit and policemen howled with pain and rage as the missiles hit them. "Fire at them, use your guns, shoot right at the window, wherever you see a man," then ordered the sergeant. A maddened, crackling volley answered his command. Bullets splattered against the walls, but without doing damage. A few bullets passed through the windows. For answer, a derisive yell came from the locomotive buildings.

"Try it again," they shouted. Then, "How do you like this?" Another hailstorm of integral parts of steam engines. Several of the policemen nursed wounded arms and legs for minutes afterwards.

They were fighting mad then, and as fast as they could reload their revolvers, they fired. Some of the Baldwin men grew so fearless of the danger from a police shot that they stood openly at the windows with their thumbs to their noses.

as fast as they could reload their revolvers, they fired. Some of the Baldwin men grew so fearless of the danger from a police shot that they stood openly at the windows with their thumbs to their noses.

The one o'clock whistle put an end to the hostilities for the men had to go back to their work. After the whistle, the one victim of the bombardment, Wm. McAntee, who was shot in the foot, was taken out of the works by a couple of companions. The police grabbed him, and after having his hurt dressed at the hospital they locked him up.

### East Clover Bar U. F. A.

The annual winter entertainment of the East Clover Bar Branch of the United Farmers of Alberta took place on Tuesday, February 15, and proved an unqualified success in spite of the bitterly cold weather.

An excellent supper was served early in the evening, and was followed by a concert and a series of addresses. Mr. Rice Sheppard discoursed eloquently on the work done by the U. F. A. in the past. Mr. W. R. Ball dealt with the work we have to face in the future, and breathed fire and slaughter on combines and monopoly in his usual vigorous fashion. Mr. R. Bry-

#### ON EXTENSION (Continued from Page Two.)

for a new car line into the park, and it is reasonable to suppose that if the park is made attractive, such a line could be made to pay dividends.

The location in building this line is caused by a review of our financial standing and the great cost we are being put to in the building of a new bridge.

If the council, however, desires that we should undertake the work, it would be better if the railway were not asked to handle the exhibition traffic during this coming year, but that arrangements be made with one of the steam lines to carry the traffic. In this way the street railway department could furnish park service, after the construction of the line, with equipment now under order, and cars could be routed from Jasper avenue and Vermilion avenue via Norwood boulevard and Syndicate avenue to the park affording transportation with a minimum amount of transferring.

It is unfortunate that last year the council voted to build a new line of street cars to connect a line in the west end, up through the Great Estate and Ingwood. The small portion of this line, i.e., that south of the tracks might possibly pay, but there is no doubt, whatever, that north of the tracks, the road would be a losing proposition. This money, however, was raised in spite of the objection of the street railway department, and we do not recommend its construction.

The approximate cost of the Norwood boulevard route, and the river route are as follows:

Norwood boulevard, eleven thousand, five hundred (\$11,500) feet of single track, approximate cost without subway thirty-eight thousand dollars (\$38,000.00).

River route, approximate, sixteen thousand feet (16,000) of single track, approximate cost, fifty-seven thousand dollars (\$57,000.00).

#### MORE PAPERS WERE TABLED (Continued from Page One.)

was accused of withholding papers from the House. He told of having been in the office of the Deputy Attorney-General when intimation was made that certain papers were of a private nature. His opinion was withheld then, but after thinking it over he thought no papers should be withheld whatever. Several instances were recalled where Sir Wilfrid Laurier had held that no document relating to business which any outsider had with the government was private.

"I am sorely afraid," said Mr. Bennett, "that something has happened to some of the documents. At any rate, all of the correspondence is not here."

Mr. Bennett established the point which did not seem clear to the members of the government that the file of the clerk of the executive council was distinct from that of the deputy provincial treasurer, while Mr. Cross said he had absolute faith in the deputy attorney-general who had told him that all the documents had been brought down.

Hon. Mr. Cushing then took the floor to say that he would like to make his statement to the House before the resolution of Mr. Boyle was introduced. But before doing so he would like to see the papers just brought down. He therefore requested that Mr. Boyle's resolution be deferred until he was able to make the necessary preparation.

Later Mr. Boyle said that in view of the fact that the papers had just come down and that they had not yet been seen by the members, he wished to defer the resolution.

The Premier and Hon. Mr. Cross strenuously fought any postponement but the speaker ruled that the request was in order.

Hon. Mr. Cross: "Mr. Boyle has seen these papers, so he has no excuse for not proceeding."

Mr. Boyle: "Mr. Speaker, I have always bowed to your ruling, and I hope the Attorney-General will do the same. I am prepared to go ahead but under the circumstances I think it would be better not to do so."

Friday was set for the day when the momentous debate will begin.

#### Camrose Well Spoken Of.

Mr. Smith, Camrose, spoke to the second reading of the bill to validate certain bylaws of the town of Cam-

rose. One bylaw was the granting of certain privileges to the Scandinavian academy and exemption from taxes for ten years. The other was the setting aside of \$4,000 as the initial expenditure on a municipally-owned hospital. Premier Rutherford objected to the principle of municipal hospitals but said the matter could be discussed by the committee on municipal bills, to which the bill was referred. Mr. McKenzie said the validation of the portion of the bill involved a general principle that was dangerous. He found that municipalities had to be protected from themselves.

Mr. Bennett: "From the province, you mean."

Mr. Boyle noticed that several municipal bills have been introduced to the House. He thought it would facilitate matters if the House got down to business.

Hon. Mr. Cross: "The government is not delaying business, it is the member for Sturgeon who persists in occupying the floor."

Mr. Bennett favored the passing of the bill. He saw no objection to a town encouraging an educational institution and as for the other by-law, the assessment, which is less than affirm any principle that had other than local application.

Mr. Smith added that the debt of Camrose is less than 3 per cent. of the assessment, which is less than one-half of what it is entitled to carry. With the great growth of the town he thought the debt would be reduced to about 3 1/2 per cent. of the assessment.

The bills referred to by Mr. Boyle were to validate certain bylaws of the town of Camrose, to ratify certain bylaws of the town of Lethbridge and to grant additional powers to the town of Raymond. All were referred to committee on municipal law.

First reading was given to the bills to incorporate the Western Life Insurance Co. and the Old Line Insurance Co.

The Premier informed the House that Thursday was the last day set for reading and receiving of petitions.

#### More Questions Asked.

Mr. Bennett gave notice of motion that all orders-in-council papers, reports, letters, telegrams, and correspondence between the government and any other member or any civil servant or employee of the government and any person or persons in connection with the financial and other affairs of the Health Public School District No. 28 of the province of Alberta be placed on the table.

Also that an order of the government do issue for a return showing all vouchers, cheques, telegrams, letters, orders-in-council and correspondence thereof and of any servant or employee of the government with any person.

Questions to be answered by the government are as follows:

1. Has the government acquired a site for a provincial jail in the vicinity of Edmonton?
- (1) If so, when?
- (2) From whom?
- (3) At what price? What is area and legal description of the site?

#### TRADE ORGANIZATIONS

Seven of them are Made Subsidiary to the Edmonton Builders Exchange

The reorganization of the Edmonton Builders' Exchange recently effected calls for various trade associations to be incorporated in the larger body. These associations are as follows: General contractor, plumbing and heating contractors, metal and roofing contractors, manufacturers and dealers, electrical contractors, plastering and lathing contractors and painting contractors.

At a meeting of the trade associations on Monday evening, this organization was completed and at the regular meeting of the Builders' Exchange on Tuesday evening a resolution was adopted embodying the constitution of the exchange. It was decided that all questions of importance arising from the meetings of the trade associations were to be introduced and discussed at the regular meeting of the exchange. The regular meeting was set for the fourth Monday in every month, making one meeting in each month instead of the previous semi-monthly meetings. The trade associations are, however, to have one meeting each month so the exchange will occupy the attention of the members fully as much as before.

### TOWNSITE CASE IS ADJOURNED

#### Charge Laid Against McLeod River Townsite Co. of Misrepresentation in Sale of Lots

The case of Dana vs. McLeod River Townsite Co. was up before Judge Taylor in the District Court this morning. H. Robertson for plaintiff, O. M. Biggar and J. K. Macdonald for defence.

Roland Dunn, the plaintiff, claimed that the defendant company, by means of advertisements and verbal state-

ments induced him to trade nine lots in Port Saskatchewan and \$150 cash for two lots in Wolf Creek said to be worth \$350.

Dunn, who is a constable on the Edmonton police force, claims that it was represented to him that his property immediately adjoined the Grand Trunk Pacific divisional point; that the Hudson's Bay Company had purchased property in the townsite and that D. R. Fraser and the McLeams Lumber companies had arranged to locate sawmills on the townsite.

Dunn claimed that all these representations were false and sued for the return of his money and the Port Saskatchewan lots.

This morning Dr. McInnis and Mr. Round were called, but their evidence was not allowed. It appeared that the plaintiff's lawyer had drawn up an amendment to the original charge of which no notice had been given the defendant.

Judge Taylor adjourned the case for twelve days to allow counsel for defence to consider the revised charge. In the meantime a commission will have to proceed to Mounana to examine one McNaughton, who is charged with making some of the false representations.

#### Puglist Was Killed.

Coalinga, Cal., Feb. 23.—"Ginger" Williams, a young heavyweight pugilist, of Visalia, died in the hospital here today from injuries suffered yesterday during a fight with "Kid" Kenneth of Bakersburg. Williams was knocked through the ropes in the third round and in falling his head struck a projecting board, fracturing his skull at the base of the brain.

When it becomes the question of the hour as to who shall be the successor of your present cook, the want ads. will prove their worth to you.

## Just Good Enough To Be Dangerous

If poor advertising mediums were ENTIRELY worthless they would not be dangerous! For they could not, then, make any appeal whatever to sensible advertisers.

But an advertising medium which has a **LITTLE MERIT** is, like "a little knowledge," a "dangerous thing." Some business men there are, always, who—for considerations of "cheapness," etc.,—will either rely upon such mediums wholly, or give them an absurdly large part in their advertising campaigns.
